	Title	Start Time	End Time	Sun 10/13 - Sat 10/19						Sun 10/20 - Sat 10/26							Sun 10/27 - Sat 11/02						
ID				M	Т	W	Т	F	S	S	М	Т	W	Т	F	S	S	M	Т	W	Т	F	S
1	Project Assessment	10/17/2024	10/19/2024																				
2	Feasibility Check and Procurement	10/19/2024	10/21/2024																				
3	Wiring Diagram	10/21/2024	10/23/2024																				
4	Pseudo-Code for ESP-32	10/22/2024	10/24/2024																				
5	Necessary CADs	10/21/2024	10/26/2024																				
6	Testing Pump and Cooler	10/23/2024	10/26/2024																				
7	Testing Temperature Sensor	10/23/2024	10/24/2024																				
8	Testing OLED display	10/24/2024	10/25/2024	-																			
9	Mechnical setup and component integration	10/25/2024	10/26/2024													ı							
10	Electrical connections and wiring setup	10/25/2024	10/27/2024																				
11	Full setup integration and comprehensive testing	10/27/2024	10/29/2024																				
12	Improvements and further modifications	10/29/2024	10/31/2024																				
13	PWM testing on Peltier Module	10/31/2024	11/01/2024																				
14	Final integration and testing	10/31/2024	11/02/2024																				
15	Documentation of work done	10/21/2024	11/03/2024
