#	Task ID	Task Description	Assigned Team Member	Start Date	End Date	Status	Additional Notes
1		Project Timeline Documentation	Amrit Chirania	10/19/2024	10/20/2024	Completed	Includes Overall planning like division of work,setting deadlines etc.
2		Procurement of Mechanical Materials	Pranav Pardeshi	10/20/2024	10/22/2024	Completed	Selection of proper components for efficient work
3		Procurement of Electronics Materials	Anubhav Maity	10/20/2024	10/22/2024	Completed	Selection of proper components for efficient work
4		Documenting the Bill of Materials	Kuneh Shah	10/22/2024	10/22/2024	Completed	Cost Efficiency to be taken into account
5		Testing peltier Module	Kuneh Shah	10/23/2024	10/24/2024	Completed	Create a Testing Doc
6		Testing Pump with Coolant	Pranav Pardeshi	10/23/2024	10/24/2024	Completed	Create a Testing Doc
7		Testing Temperature Sensor	Anubhav Maity	10/24/2024	10/25/2024	Completed	Create a Testing Doc
8		Interfacing OLED display, ESP32 and Rotary Encoder	Amrit Chirania	10/24/2024	10/26/2024	Completed	The entire setup was completed and tested with succesfull results
9		Wiring Diagram Documentation	Amrit Chirania	10/25/2024	10/26/2024	Completed	Also Include Mechanical Wiring
10		Assembly of Heating System	Pranav Pardeshi	10/26/2024	10/27/2024	Completed	Proper setup with innovative thinking like cachecan implementation etc.
11		Process Flowchart Documentation	Kuneh Shah	10/26/2024	10/26/2024	Completed	Designing flowchart as per design
12		Pseudocode Ideation and Documentation	Anubhav Maity	10/26/2024	10/27/2024	Completed	Make a Proper Documentation of the Code and adding appropriate comments
13		Integrating Mechanical and Electronics System	Pranav Pardeshi	10/27/2024	10/28/2024	Completed	Full setup for testing
14		Final Testing	Kuneh Shah	10/28/2024	11/2/2024	Partially Completed	Create a Testing Doc
